

## Overview

One of our best sellers for nearly a decade the Colby lift recliner is a great chair to soak into and works well as a wall saver single motor lift chair only taking up to 5 cms behind the chair. Or upgrade to a dual motor lift for independent control of the footrest and the backrest with over 50 covers to select from in leather and fabric. If you are wanting to keep the price down it can be built with matching vinyl on the sides and back and has leather everywhere the body touches.
